

# Connector Program

ACCES Employment's Connector Program connects newcomers to Canadian professionals in their communities. This program will help you build your professional network, connect with career opportunities and find success in your chosen field.

## Program Benefits

- Develop your network and professional connections
- Get current information on your industry and occupation
- Understand Canadian workplace culture

"I was connected with an individual who was able to help me strategize for my job search and provide feedback on my interviews in the field of Retail Banking. I was also connected to networking events where I would otherwise not have access. I am genuinely thankful for the efforts of the program team and those with whom I was connected."
